About St.Thomas College of Engineering and Technology

St Thomas Engineering College, Sivapuram, Mattannur was established by St Thomas Educational Society, Adoor with a view to impart high quality engineering education through systematic studies and efficient training. The college has a team of eminent faculty members and a disciplined atmosphere which help to promote a holistic approach to learning. There is a right balance of cognitive, conceptual, ethical, humane and spiritual growth as a whole.

The college started its functioning in the academic year 2014-15 and is approved by the All India council for Technical Education and affiliated to APJ Abdul Kalam Technological University.

Management

St.Thomas College of Engineering & Technology, Kannur is established by St.Thomas Educational Society, Adoor. Today St.Thomas Educational Society enjoys a comfortable space in the educational sector of Kerala through the establishment of innovative and path leading educational institutions such as St.Thomas College of Engineering & Technology, Chengannur and Travancore International School, Adoor. St. Thomas Educational Society has also been the foundation force behind the establishment of Caarmel Engineering College, Pathanamthitta, Caarmel Business School.

Dr. Shinu Mathew John (Phd., ME, BE) is the Principal of STM. He is a life time member of Indian Society for Technical Education (ISTE) and an active member of IEEE.

Scholarships for meritorious students.

Well Established Career Guidance and Placement Cell with regular Industry Interaction.

Value based Add on Courses including NPTEL & Spoken Tutorial for students certifications

Innovation Entrepreneurship Development Center (IEDC) to develop and enhance Student Startup ideas.

Regular Counseling sessions for students.

Separate Hostel for Boys & Girls.

Academic Achievements

Consistently Ranked Top 2 in Self Financing Engineering College KTU Result in North Kerala.

Consistently bagging one among Top 5 Ranks in Kannur University B-Tech Results.

All Kerala Top 50 Ranking in KTU B-Tech Semester Results.

First Rank in Civil Engineering in Kannur University B-Tech Sixth Semester Result.

Abijith V (ECE)
9.63 SGPA in S2 Examination (May 2019).
1st Rank North Kerala Region

Vyshnav C.K (ME)
9.38 SGPA in S3 Examination (Dec 2018).
1st Rank North Kerala Region

Kavya M (ECE)
9.2 SGPA in S3 Examination (Dec 2018).
3rd Rank North Kerala Region

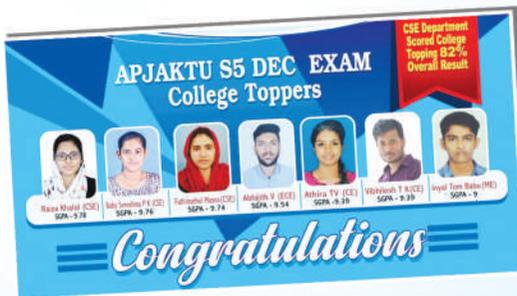

Raiza Khalid (CSE)
9.7 SGPA in S2 Examination (May 2019)

Anagha Harikrishnan (CSE)
9.5 SGPA in S2 Examination (May 2019)

Athira P (CE)
1st Rank KU B-Tech Sem Exam (Jun 2017)

Students Association & Professional Bodies

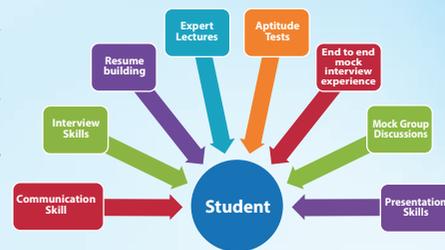

To enhance the overall development of students and staff members STM has proudly associated with industry standard Professional Bodies, value added course offerings and other student activity bodies. These bodies and their associated activities add immense value to the student knowledge base and acts as a bridge between student life and professional work environment.

Training & Placement

The Placement Cell of St.Thomas College of Engineering and Technology started functioning in the academic year 2015-16 with various training programs and developmental activities planned throughout the academic year. Our students achieved placement in various reputed companies through Campus Recruitment.

More than 70+ job offers have already been achieved by our students with many more placement activities planned to enable each and every student who are eligible, an opportunity to leave the college with a campus placement. We have tie-ups with many training partners and recruitment companies apart from facilitating direct industry relationships to enable maximum placement for our bright students.

ALL-IN-ONE TOOL

Engg students' Vishu gift for farmers

JESTIN ABRAHAM @Kozhikode

AS their peers prepare for final-semester exams, four mechanical engineering students of St Thomas College of Engineering and Technology in Mattannur are chasing a bigger dream — a start-up company of their own with a product that could revolutionise the agriculture sector.

and K Akshay have come up with a prototype of an all-in-one tool, this Vishu season, which they tout as a solution to the major woes of small-and medium-scale cultivators all over the country. It is equipped with necessary tools to help cultivators at various levels of farming from ploughing, sowing, weeding, irrigation, harvesting, milling and winnowing.

locality where cultivators are worried about the availability of machines or labourers for harvesting and other processes. There are many labourers who suffer losses due to the above factors. Our machine is a solution to all their woes," said Abhishek. According to him, no machines are currently available in the market to address the myriad problems of farmers.
